### MESSAGE

I am delighted to note that NRSC is hosting the DOS/ISRO Inter-Centre Sports Meet – ICSM-2023 at Hyderabad in two phases viz., Phase-1(Athletics) and Phase -2 (Indoor games) from 16<sup>th</sup> to 20<sup>th</sup> November and 23<sup>rd</sup> to 26<sup>th</sup> November, 2023.

Sports & Games bring forth camaraderie and team spirit which in turn enables one to contribute the very best in one's personal and professional life. Prioritising of tasks, leading the team, meeting the goals etc., are best exemplified through Sports. ICSM-2023 will provide an opportunity for colleagues from various ISRO Centres to meet and network after the COVID-19 pandemic situation.

I congratulate Team NRSC lead by its Director for making excellent arrangements in the true spirit of promoting sportsmanship. I am sure that all participants will carry back fond memories of the event, well-rejuvenated to shoulder the organisational responsibilities with cheer.

I wish ICSM-'23 a grand success.

### MESSAGE

I am extremely glad that NRSC, Hyderabad has been entrusted with the responsibility of hosting the DoS/ ISRO Inter Centre Sports Meet – ICSM 2023.

It gives me immense pleasure to extend a hearty welcome to the sporting fraternity of DoS/ ISRO for this mega Sports Meet conducted in 2 phases during 16<sup>th</sup> -26<sup>th</sup> November, 2023.

Sports & games demand a high level of fitness, team-spirit, commitment and dedication all of which collectively promote excellence in the work-sphere and realisation of the coveted organisational goals.

The Organisation Committees have taken considerable and extensive efforts to provide the best of sporting experience, and I am sure that all participants will cherish fond memories of ICSM 2023.

Together, let us make ICSM 2023 a grand success.

### MESSAGE

It gives me immense happiness to welcome the DOS/ISRO family to the Inter-Centre Sports Meet, ICSM-2023, hosted by National Remote Sensing Centre, Hyderabad.

At the outset, I express my sincere gratitude to Director, NRSC and his team for the meticulous planning to organise the Sports Meet. My sincere appreciation also extends to the Members & Invitees of the Committee for their contributions in conducting the event.

ICSM-23 has been eagerly awaited by the DOS/ISRO sporting fraternity, more so as the Sports Meet is being held after a gap of 4 years in the aftermath of the COVID-19 pandemic, and I am sure that the participants will all cherish a memorable sporting experience at NRSC.

Sports & games lay a sound platform to lead as well as to be led; and to contribute in true team-spirit. I am positive that ICSM-23 will bestow the best of sporting extravaganza impelling the participants to excel on the field as well as in their critical project assignments on a mission mode.

I wish ICSM 2023 a grand success.

### MESSAGE

**M MAHESHWAR RAO**  
Additional Secretary & FA, DOS

It is a pleasure to note that DoS/ISRO Inter-Centre Sports Meet, ICSM-23, is being held at NRSC, Hyderabad during November'23 in two phases covering Athletics & Indoor games.

The Sports Meet will promote esprit de corps, team building and leadership; and these attributes go a long way for success on the personal & professional fronts. Sports is as tough as it is entertaining, and it is an embodiment of self-awareness, sense of responsibility, creativity and productivity.

I would thank and congratulate Director, NRSC & his team for the excellent organisational arrangements; and I am sure that the players from across Centres will have a memorable sporting experience at Hyderabad.

I wish ICSM-2023 a resounding success.

**MESSAGE**

Sport always played a very important role of our culture, lifestyle and was always been important part in our history. It is indeed a matter of pleasure that NRSC is organising DOS/ISRO Inter Centre Sports meet - Athletics & Indoor Games (in two phases) during 16<sup>th</sup> - 26<sup>th</sup> November 2023 at Hyderabad.

It is a very special moment for all DOS/ISRO employees who are participating in this Gala sports meet. I'm happy to inform that the souvenir will convey all information in-detail related to the ensuing sports meet and the participant teams along with respective venue details.

I heartily welcome all the participants and wish they have a great time in the Pearl city of India - Hyderabad and carry with them the fondest of memories when they leave. I solicit your fullest co-operation and support to NRSC in organising this meet.

I wish all the sports officials and coaches, a successful realization of their efforts and each & every participant give their best performance in the respective games.

I wish this Sports Meet a grand success.

## राष्ट्रीय सुदूर संवेदन केंद्र, हैदराबाद National Remote Sensing Centre, Hyderabad

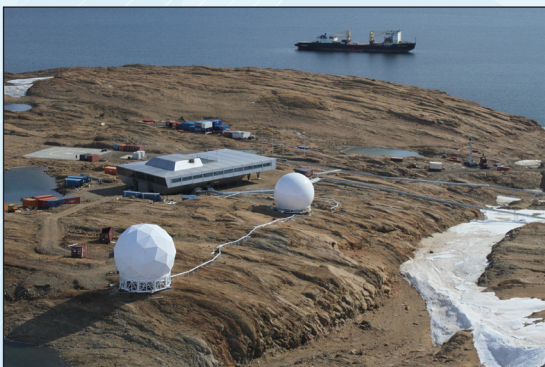

National Remote Sensing Centre (NRSC) is one of the primary centres of the Indian Space Research Organisation (ISRO) - with the mandate for establishing ground stations for receiving satellite data, generation of data products, dissemination to the users, development of techniques for remote sensing applications including disaster management support, geospatial services for good governance and capacity building for professionals, faculty and students.

- NRSC operates through multiple campuses to meet national and regional data and applications needs of the country.
- Main campus at Balanagar, Hyderabad for remote sensing applications and aerial services
- Shadnagar campus for satellite data reception & processing
- Five Regional Centres (RCs) in Jodhpur (RC-West), New Delhi (RC-North), Kolkata (RC-East), Nagpur (RC-Central) and Bangalore (RC-South)
- Outreach facility at Jeedimetla, Hyderabad for training, capacity building
- Aircraft operations facility at Begumpet airport, Hyderabad

### Satellite Data Acquisition:

Integrated Multi Mission Ground Segment for Earth Observation Satellites (IMGEOS) facility at Shadnagar is equipped with state-of-the-art data acquisition systems to receive data from various satellites. Automated facility exists for transferring data into data processing systems for further correction and dissemination to the user. The Antarctica Ground Station for Earth Observation Satellites (AGEOS) has been established at Bharati Station, Antarctica, for receiving data from IRS satellites and transferring the same to Shadnagar ground station.

### Data Processing & Dissemination:

Satellite data received at ground station is automatically transferred to high-end data archival and storage systems. NRSC is the nodal centre for hosting satellite data products from more than 13 IRS satellites and SAR imaging missions. Satellite data can be searched and ordered through Bhoonidhi portal on internet. Data is disseminated within 2 hrs for emergency products and within 16 hrs for regular products by NRSC Data Centre (NDC). Near real time data products from IRS weather sensors is delivered for climate and weather models for a global coverage.

### Aerial Services & Digital Mapping:

NRSC has four decades of aerial remote sensing experience. Aerial Services and Digital Mapping (ASDM) activities primarily include generation of large scale topographic maps, very high resolution Digital Terrain Models (DTM), 2D/3D mapping in urban areas, infrastructure planning, etc. AS&DM facility operates two Beechcraft Super King Air B-200 aircrafts. The facility enables high resolution aerial digital imaging and airborne LIDAR surveys. Calibration of various onboard satellite payloads like those in Chandrayaan-2 are carried out using aerial flights.

### Outreach and Training:

Training courses are conducted for capacity building in geospatial technologies and remote sensing applications areas for professionals, faculty and students. Regular, theme-oriented and customized courses are organised towards capacity building of user community for the effective use of space inputs. The centralized Outreach Facility at Jeedimetla, Hyderabad, integrates training, student internships, outsourcing, exhibition facility and information kiosks to meet the increased utilization of geospatial technology, geospatial data generation and analytics.

### Remote Sensing Applications:

Agriculture	Soils	Water Resources
<p><b>Satellite based crop information products</b></p> <p>Crop mapping and distribution</p> <p>Crop stress detection</p> <p>Mangrove stress delineation</p>	<p>Loamy Textured Soils</p>	<p>National Hydrology Project</p> <p>Snow Cover Analysis</p> <p>Information Systems</p>

The remote sensing applications area develops space technology utilization programmes to carry out natural resources inventory and monitoring at national, regional and local scales and provide timely inputs for modeling and disaster management.

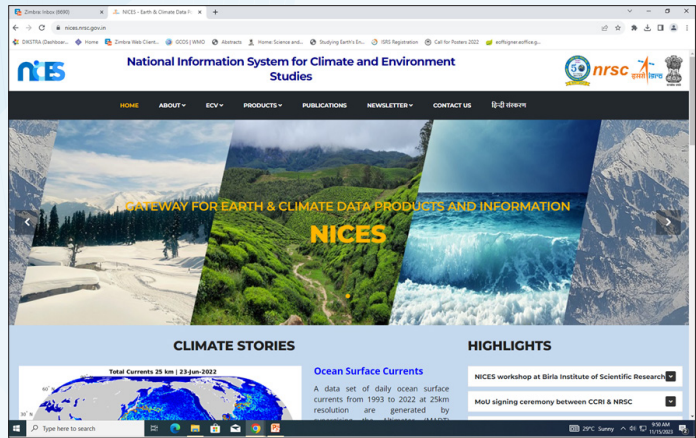

Inter-disciplinary teams accomplish these tasks in the area of agriculture, water resources, land resources, forestry, geosciences, urban studies and geo-informatics, disaster management support and application software development & infrastructure development. Satellite data is being utilized extensively for several national mission projects in collaboration with ministries/departments of state and central governments.

Remote sensing applications in the domain of earth and climate sciences emphasizes on studying earth as a coupled system involving land-air-Ocean interactions through satellite, ground observations and modeling. Various research and operational projects are being executed in the domain of earth, ocean, atmospheric and climate sciences. The

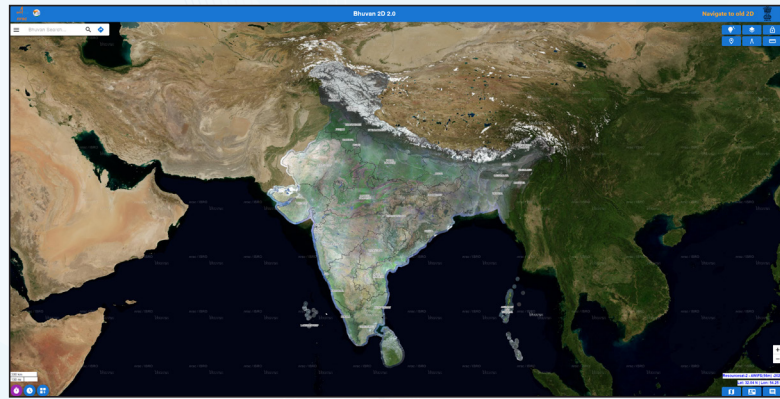

National Information system for Climate and Environment Studies (NICES) programme is in place to generate a long-term climate database on environmental parameters.

The Regional Centres (RCs) work in close coordination with NRSC, Hyderabad for execution of various national level remote sensing application projects and capacity building. Region-specific applications are being developed for increasing the user base, regional geo-spatial database/repositories for generation of customised database and provide the analytics.

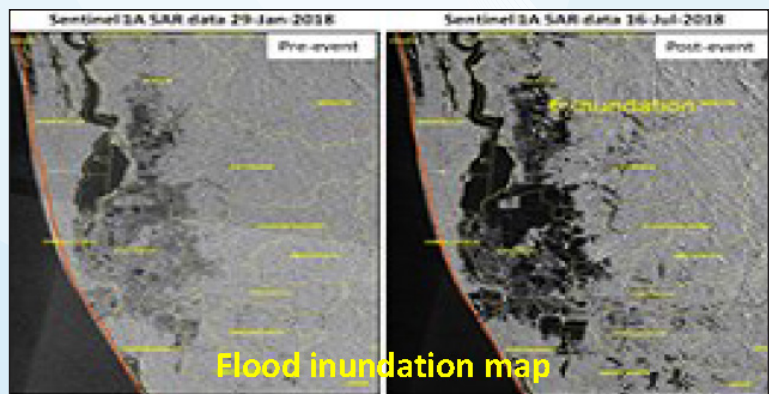

### Geospatial Services:

**Bhuvan** - Indian Geo-platform of NRSC/ISRO is serving as reference geospatial foundation platform for visualization of various spatial and non-spatial reference and dynamic databases. Portal facilitates hosting of frequently updated satellite data of various spatial resolutions, dynamic thematic information being generated under major national mission projects executed by ISRO and also for hosting the data generated by various State and Central Government departments through technical collaborations. There are about 150 web services catering to the needs of various departments in the country, used for geospatial governance.

### Disaster Management Support:

As part of Disaster Management Support Programme (DMSP), Decision Support Centre (DSC) at NRSC monitors natural disasters viz. flood, cyclone, agricultural drought, landslides, earthquakes and forest fires in near real-time using space and aerial remote sensing-based inputs. The National Database for Emergency Management (NDEM) serves as national repository of GIS-based database for entire country to assist the State/Central Disaster Management Authorities in decision making during emergency situations.

## Space Sports & Recreation Promotion Board (SSRPB)

Space Sports and Recreation Promotion Board was constituted by Department of Space on 1st October 1983. Shri T.N. Seshan, the then Additional Secretary was the first President of the Board. The Board was constituted with the objective of promoting sports activities among ISRO Centers and Units. SSRPB meets periodically with members from staff side of JCM and Presidents of Centers/Unit level Sports Council to decide and conduct the Inter Centre Sports Meets. These sports activities are conducted by splitting them into "Athletics & Indoor Games" and "Outdoor Games". Each one of the two is held annually on alternative basis. Further, the events are conducted in two phases so as to facilitate maximum participation.

## Rules & Regulations of Carrom Event – ICSM 2023

1. Two or Four people can play. In singles, your opponent sits across to you. In doubles, you play opposite to your partner. Blacks count one, whites count two, the queen counts five points.
2. Whoever plays first or breaks is always white. The object of the game is to sink all of your pieces, using the heavier striker in any of the pockets before your opponent. You can continue as long as you keep sinking your pieces-luck shots count and all combinations are permitted.
3. When placing the string on the board to shoot, the striker must touch both base line either covering the red circle completely or touching it at all. The striker should not touch the diagonal arrow lines.
4. No part of your body, except your hand, may cross the imaginary diagonal line nor may your elbow protrude over the frame in front of you. Even your feet or knees should not leave your quadrant.
5. The red Piece or 'Queen' can be pocketed at any time after sinking your first piece but must sink one of your piece, thereby, covering it into any pocket in the next shot. If you fail the queen is returned to centre spot.
6. Once the queen is covered, whoever clears their pieces first wins the board. The winner of the board collects one point for each of the opponents pieces left at the finish and three points for the queen if covered by the winner (if covered by the loser, no-one gets points). No more points are collected for the queen after your score reaches 22.
7. A game consists of 25 points or eight boards whichever comes first.

### Miscellaneous Rules

- Sinking the striker costs you one piece and your turn. But if you sink a piece in the same shot then two come up and you shoot again.
- After sinking the striker your opponent places the due piece(s) within the centre circle, if you haven't sunk one yet you owe one.
- If while shooting for the queen, you also sink one of your carrom men in the same shot the queen is automatically covered, no matter which went first.
- If a piece jumps off the board, it is placed on the centre spot. If piece land on end or pieces are overlapping they are left undisturbed.
- If the centre spot is partially covered when replacing the queen or a jumped piece, the piece should cover as much as possible. If totally covered, the piece is placed opposite the next player behind the red spot.
- If you sink your opponent's piece before the queen, you lose your turn. If you sink their last one you lose the board and three points

## Places of Interest in and around Hyderabad

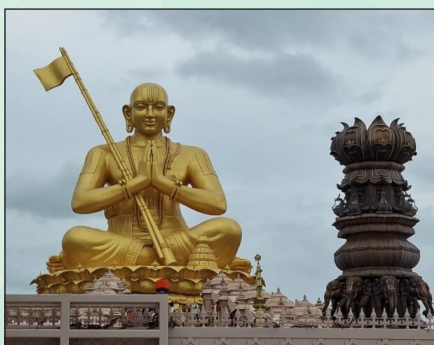

Charminar stands tall in the heart of the city since 1591. Its unique architecture and detailed design with four 48.7 m high minarets used to warn the king's men, is something to marvel at! It is one of the most famous places to visit in Hyderabad. With Mecca Masjid, Bhagyalakshmi Temple Laad Bazaar and Meena Bazaar right beside the monument, you can witness the vividness of this city here. If you love history and street shopping, Charminar is a must-visit place in Hyderabad for you!

Built by the Kakatiya dynasty in the 13th century, Golkonda witnessed reigns of many dynasties over the history — from Bahmani, Qutub Shahis to Mughal regimes. Built on a granite hill, the citadel is a true reflection of ancient architecture and engineering. The most appealing feature of the monument is its acoustics - The monument resonates sounds through the wall right from the entrance to the highest point. Witness the rich and instructive sound and light show in the rocks of the monument.

Home to some of the most stunning art collections and artifacts, Salarjung Museum- the legacy of the Salar Jung family - was inaugurated in 1951. The museum showcases a variety of artworks, from Indian Art, Art of the Middle East, European Art, to even Far Eastern Art. Moreover, Indian sculptures, Persian carpets, bronze statues, Chinese porcelain, wood carvings and many more are some of the attractions in the museum.

One of the largest film studio complexes in the world, RFC is the largest integrated film city in the state. It is home to a variety of gardens and sets that will keep you intrigued all day long! Not just that, this place also conducts several shows to let people see how it all works in films! If you want to observe the film industry up close, it is the best place for you.

The Statue of Equality stands as a symbol of unity, wisdom, and spiritual enlightenment. Majestically towering over the landscape, this inspiring structure embodies the teachings and principles of Sri Ramanujacharya Swamy, a revered saint and philosopher. The intricately carved statue exudes grace and serenity, inviting visitors to reflect on the values of equality, compassion, and inclusivity. Its grandeur makes it a must-visit destination for those seeking a deeper understanding of spirituality and the timeless message of harmony it represents.

## Places of Interest in and around Hyderabad

Birla Mandir stands tall in pristine white and enhances the skyline of Hyderabad. This temple - established in 1976 - is spread across a 13-acre plot. With a 111-feet tall idol replica of Tirupati Venkateshwara, this temple also has an exotic architectural design, which includes visuals of scenes from Ramayana and Mahabharata. The best panoramic views of the city, exquisite architecture and the peaceful vibrations of Birla Mandir make it one of the must-visit places to visit in Hyderabad. The Birla Planetarium nearby is an added attraction.

Hyderabad is home to the largest human-made heart-shaped lake - the Hussain Sagar Lake. It is one of the most popular tourist places in Hyderabad. Built in the 16th century, the lake is fed by River Musi and is spread across 5.7 sq km. With a gigantic statue of Gautam Buddha in the center, this lake has been the top attraction of the city for decades. New attractions nearby include the 125-foot tall bronze statue of Dr. B R Ambedkar, Telangana Martyrs Memorial (or Telangana Amara Jyothi) and the newly-built Secretariat building.

Rich in both architectural design and historical reserves, the Qutub Shahi tombs are one of the must-visit places in Hyderabad. Established in the 16th century, these tombs are the ultimate resting spot of seven Qutub Shahi rulers. This makes them one of the oldest heritage sites in the city. These tombs are a beautiful blend of Persian and Indian design with domed structures mounted on a square base and enclosed by pointed arches.

Nehru Zoological Park is an ideal place for nature and animal lovers. Being one of the largest zoos in the country, it is spread across 380 acres. The zoo was opened to the public in 1963. Almost 100 species of animals, including birds, fishes, reptiles, mammals and aquatic animals are housed in this zoo.

Spread across 12 acres, the Chowmahalla Palace was completed by the 1880s. The name Chowmahalla has been derived from a Dakhini Urdu word 'chãr mahallãt' meaning 'four palaces'. Chowmahalla Palace was presented with the Asia Pacific Merit award for cultural heritage conservation by UNESCO in 2010. The palace is known for its unique style and elegance, which makes it one of the most famous places in Hyderabad.
